Body of a Bridge Tender Recovered from the Bay.

DOCKET FOR NEXT TERM OF FEDERAL COURT

Heavily Four Hundred Cases Set for Trial—First Conviction for Violation of Sanitary Ordinance.

Galveston, Texas, February 18.—While the tug Louise was steaming along the wharf front about 8:30 o'clock this morning the captain saw the dead body of a man drifting with the tide. The captain shouted to some men on shore, and P. G. McNeal and Adolf Johnson went out in a skiff and brought the body in and made it fast to pier 18. The body was that of a man about 45 or 50 years old. It had been in the water less than twelve hours.

Coroner Barry, who was notified by McNeal and Johnson, view the corpse and ordered it removed to an undertaking establishment. The body was subsequently identified as that of Jake Swanson, the bridge tender for the Galveston, Houston and Henderson Railway company.

It is reported that a skiff was found adrift in the bay this morning. The circumstance leads to the belief that the man was out in a boat and was caught in the squall last night.

HEAVY FEDERAL DOCKET.
The docket of the February term of the Federal court, which will meet in this city next Monday, with Judge Bryant on the bench, has been made up by Clerk Darr and Deputy Clerk Barnett. It consists of ninety-five cases, with an average of four cases to the page. There are fully 275 cases set for trial, exclusive of criminal business, and the docket is larger than it has been for years. The first day will be devoted to bankruptcy cases, of which there are about 100. The remainder of the first week will be given over to the consideration of admiralty cases. There is quite a number of these, and most of them will be heard.

Perhaps the suit of greatest interest to come up for trial will be that of A. Sullivan against A. H. Pierce, in which there is property to the amount of \$250,000 involved. It is set for hearing March 21. Most of the testimony has already been taken before commissioners and will be submitted to the judge in writing.

The next big case is that of the La Porte railroad, the receivership of which will probably be closed at this time of court. There are now about 100 interventions pending. The time of L. J. Smith, the purchaser of the road, for taking the property will expire April 1, and he will doubtless close the matter up while the court is in session.

TO RETIRE FROM BUSINESS.
The corporation of Marx & Blum has sold its stock of goods and its business to a newly formed corporation styled the Galveston Shore and Hat company. The corporation of Marx & Blum will retire from business and the new concern succeeds it. This transfer has been effected in a very short time. Mr. Marx wanted to retire from business and when a proposition was made by the gentlemen who form the new corporation it was accepted. The directors of the new company are I. H. Kemper, T. J. Gray, Charles Franklin, Aaron Blum and Charles Fowler.

Mr. Kemper has been elected president, Mr. Gray, vice president; Mr. Franklin, secretary and treasurer, and Mr. Blum, manager.

The new corporation starts out with a stock issue of \$121,000—\$20,000 more than the old concern.

FIRST SANITARY CASE.
The health department secured its first victory today in the new crusade for sanitation. Henry C. Schneider, a business man who lives at 1728 Avenue L, was fined \$10 this afternoon for violating the sanitary regulations of the city.

Officer Hopkins notified him on February 9 that he must put his place in better sanitary condition. When the place was uncleaned, Recorder Keitch, when he imposed a fine of \$10, lectured the defendant roundly for his negligence, and warned him that if there was any further violation of the law, the penalty next time would be much greater.

HOTEL ARRIVALS.
At the Tremont—Mrs. A. S. Jarrett, E. E. Real, Brooklyn; E. B. Barr, Houston; E. C. Senter, Dallas; W. C. Connor, Jr., Houston; T. E. Mowbray, city; John Selden, L. C. Rehmann, New York; A. H. THE FOURTH TEXAS REGIMENT
WILL NOT BE FINALLY MUSTERED OUT FOR SOME WEEKS.

The Preliminary Work Progressing Slowly—Some Soldiers Want Further Service in the Army.

Camp Mosby, San Antonio, Texas, February 17.—The preliminaries to mustering out of the Fourth are many and the work of arranging them in readiness for final discharge is necessarily slow. Captain Byrne and Lieutenant Heldt are present in camp every day directing the work in Captain Patterson's absence. In the meanwhile, Colonel Mignola will continue the usual drills, which have been suspended during the late severe cold spell of weather. The colonel believes in the efficiency of these drills to the good health of his command, especially the calisthenic exercises, which are given the first thing every morning just after breakfast for a half hour. Besides promoting the good health and physical condition of his men, these duties fit them for after life by requiring regular habits and obedience to

ISMAR, THE GYPSY

Nature's Greatest Living Palmist and Clairvoyant.

The famous Egyptian Gypsy Ismar is now in Houston and will remain a short time only. Ismar gives clear, honest and truthful information on all affairs of life. It matters not what your belief may be, nor what your experience with clairvoyants or palmists may have been, Ismar will convince you that the Past, Present and Future can be told. Readings strictly private and sacredly confidential. Hours 9 to 12, 1 to 6 and 7 to 8 p. m. Parlor Floor, Capitol Hotel.

AN OLD CONFEDERATE

Speaks of Dr. Seymour's Skill in Words of Warmest Praise.

THOUGHT ONE OF HIS EYES WAS BLIND

Describes His Case to a Reporter and Tells of the Pleasure He Feels in Restored Sight.

One of the most interesting of the many difficult cases of defective vision, treated by Dr. W. I. Seymour, during his visit to Houston, is that of Mr. E. E. Ransom, an old resident of Texas and an old Confederate veteran, quite well known in Brazoria, Port Bend and Colorado counties.

Mr. Ransom was very enthusiastic in his praise of Dr. Seymour and was quite willing to talk about his cure.

"I began to be troubled with sore eyes in 1856," said the old gentleman when asked how long his eyes had been troubled him, "and for a number of years my eyes were badly treated, which impaired the sight fearfully and one eye began to gradually blind, until finally I gave it up as gone and considered it was blind, and for twenty-five years I was unable to see anything, reading, or in fact, for anything else. This went on until my other eye commenced to show signs of weakness and I began to fear that I was doomed to be entirely blind. I could not read and was looking forward to the time, not far distant, when I must be entirely dependent upon others for my needs."

"When I saw Dr. Seymour's advertisement, I determined to let him examine my eyes, although several of my friends tried to dissuade me from doing so. The doctor made a thorough examination, and to my astonishment, informed me that the eye I had so long considered blind and useless could be restored. He proved this to me by fitting me with glasses through which I can see to read with both eyes, quite easily and am even able to read fine print, something which I was unable to do for twenty-five years before."

"I suppose you feel as though you had taken on a new lease of life," was remarked. "Indeed I do," said Mr. Ransom. "I can hardly tell of the delight I feel in being able to see and read with both eyes. I am now able to finish a book I'm reading. It's my greatest pleasure to be able to read and one I have been deprived of for so long. I can now read with both eyes and with a step so firm and confident as to convince any one of the restoration of his sight."

This is but one of the hundreds of cases that Dr. Seymour has treated and his skill in correcting all manner of defective vision, has convinced even the most skeptical. His office is now crowded daily with an impressive throng of patients and his unflinching courtesy and consideration are appreciated by all who have met him.

The doctor's office is rooms 7, 8 and 9, Capitol Hotel annex. Patients can through office or on Travis street, near Texas avenue.

HOW TO AVOID THE GRIP.

DON'T ride in cars or trains, or cars! DON'T walk upon the street! DON'T stay out after dark! (Although the girl is sweet.)

DON'T meet! DON'T smoke! DON'T speculate! With every chance embrace! You can't get a cold by kissing! Upon your loved one's face!

DON'T swallow stuff of certain brands! DON'T take a "cold" or "cough"! DON'T go to bathing on the sand—DON'T go to Coney Island!

DON'T pile the blankets high in bed! But then, DON'T take them off!

DON'T cough, dear boy, don't cough! DON'T go to bed! Don't go to work! DON'T go to school! DON'T go to church! DON'T go to the office! DON'T go to the bank! In fact, just DON'T! DON'T!
